

THE CRESCENT CITY NEWS.

Crescent City

one of the most beautiful locations in Florida. The town is in the southeastern part of Putnam county, 25 miles from Palatka, and is reached by either steam or railroad. Crescent City lies on high ground which rises gradually from the west end of Crescent Lake, a beautiful sheet of clear water 15 miles in length and from three to five miles in width. The place is well laid out in town and grove lots, the former constituting a portion of the town blocks in width lying between two lakes—lake Crescent on the east and lake Stella on the west. The level of lake Stella is 45 feet higher than that of lake Crescent thus affording perfect drainage. The water of lake Stella has its source in springs and is kept absolutely pure by the town authorities who have made it a misdemeanor to pollute in any way containing it. The Plant System Railway touches the west end of lake Stella two miles from the town and a little steamer carries passengers and freight to and from the town and Crescent City Junction, the railway station. The trip by steamer from Palatka or Jacksonville is one of the most delightful water rides in the whole country, and the passenger who takes this trip is held entranced from start to finish. At a point nine miles south of Palatka the steamer leaves the St. Johns and enters Deep river, a rather narrow but tortuous stream lined on either side by a thick growth of cypress, oak and palmetto—a veritable forest. The river's curves are sharp and frequent and there is never a long reach of straight water. The water of lake Stella flows through the stream the steamer emerges into the broad and beautiful lake Crescent. A run of five miles carries the passenger to Crescent City, the steamer's southernmost landing. The boat leaves Jacksonville at 8 a. m. and Palatka at 10 a. m. and at Jacksonville at 4:30 p. m. No person ever took the steamer Crescent for Crescent City without experiencing new sensations of pleasure and a short stop at the little city makes any man or woman a life-long lover of the place. In the town proper are some of the most beautiful homes to be found in the state and the people are cultured and prosperous. There is a good school, two churches—Episcopal and Presbyterian—and two good hotels, besides pleasure resorts where boats can be obtained. Hotel and boarding house prices are moderate. The people have provided well kept golf links for the entertainment of those who like this amusement. Crescent City has orange groves more than any other town in the country. Orange culture is the leading occupation of the people and the quality of this fruit has long been regarded as superior to that grown in any other section of the state. Almost every citizen of the place has a well-kept grove, many of which occupy the grove lots of the lake and river. The merchants of Crescent City are live men, and they show much of goods which would credit to many of the larger cities of the state. Living is cheaper than almost any other town in the state. The streets are lined with shade trees and the native live oaks and broad shell walks are laid on the principal streets. Bicycles abound in many directions.

Parties in Crescent City desiring to subscribe for this paper or wishing to renew their subscriptions should send their names and money with Mr. E. D. Lounds at the postoffice, who is our authorized agent.

Personal and Social.

Their is laden with the perfume of orange blooms.

Miss May Desmond of Port Chester, N. Y., is among the more recent arrivals at Grove Hall.

Mr. A. B. Torrey represented the local Knights at the Grand Lodge K. of P. at Tampa last week.

Mrs. W. D. Williams who has been quite ill during the past month, is now recovering quite rapidly.

Rt. Rev. E. G. Weed, bishop of Florida officiated at the Episcopal church last Sunday morning, preaching an able and scholarly sermon. The little church was completely filled.

Mr. and Mrs. F. M. Payson gave an excursion party to Haw Creek on the launch Spray on Tuesday of last week with their friends Mr. and Mrs. Engley of Attleboro, Mass., as guests of honor.

Ex-Congressman Wm. Byan, his sister, Mrs. Daly and the Misses Byan, left for St. Augustine this week. They will make the return trip by easy stages, and expect to reach home in time for Easter.

Mrs. J. P. Cowburn has disposed of nearly her entire collection in taxidermy. She possesses a wonderful skill in this art and has been possessed of three times the number of pieces she could have sold them all.

Mr. and Mrs. C. A. Pratt will leave for their Vermont home next week, stopping en route at several points. They will be accompanied by their friend, Miss Spencer, of New York, who has been stopping this winter at the home of Mrs. F. S. Crotty.

Miss Hester A. Gilbert and her niece, Miss Grace Gilbert, of London, Ontario, arrived on Friday last and are guests at Grove Hall. Miss Gilbert is a niece of Hon. Edwin Gilbert, and visited Crescent City once before—some 15 years ago.

Mr. A. J. Shiver is spending a couple of weeks with his family. He is now in the milling business in Jacksonville, and it is stated that it is only a question of time when the family will move to that city, though all hope that it will be the question of a long time.

Mr. Eugene R. Young of Hartford, Conn., who spent a portion of last winter here, is again in town a guest at Grove Hall. With him is his friend Mr. Frank H. Andrus, of the same city. Mr. Young made many friends here last year and all were delighted to have him return.

Mr. H. H. Cooper left last week for Sarasota on the gulf coast, at which place he will spend a few weeks before going to his old home in Philadelphia for the summer. Mr. Cooper has been residing in Crescent City continuously for nearly a year and a half and his absence is going to be noted and felt by Crescent City people as much, if not more than would that of any other one person. Mr. Cooper has a way of getting and keeping close to every one whose privilege it is to know him.

Mrs. F. A. Robinson, who with her daughter, Miss Mahle, has been visiting her parents, Mr. and Mrs. James A. Close, the past several weeks, left for her home in Detroit, Mich., last Friday.

Mrs. Addison Johnson who has been a guest at Grove Hall the past several weeks is the wife of Warden Johnson of the celebrated Sing Sing prison. Mrs. Johnson and her friend Miss Leffer of Saratoga, left for their respective homes this week.

Mr. and Mrs. Chas. Barker, of North Pelham, N. Y., who have been guests at Crescent Inn during the past three weeks, took their departure on Monday morning. They will spend a week or two at Jacksonville and Savannah before continuing their journey home.

Among the guests at Crescent Inn during the past week were C. L. E. Cartwright and D. N. Carroll of Scottsdale, Pa.; T. F. McKee and wife, Cochrane Mills, Pa.; Mararet J. McKee, Apollo, Pa.; Mrs. S. Heilman, Sharon, Pa.; Mr. and Mrs. S. C. Tolman, Mr. and Mrs. H. N. Livley Tecumseh, Neb.; Mr. and Mrs. Merrett Batchelder, Jamestown, N. Y.

Mrs. H. A. Carll, assisted by her daughters Mesdames Ritch and Williams gave a charming reception at her beautiful home on Prospect street last Monday evening. Most of the society loving people of the town, as well as guests from the hotel were present, and all unite in pronouncing it one of the prettiest social functions of the season.

Mr. Geo. W. Carpenter of Port Chester, N. Y., whose proper place in Florida is right here in Crescent City, has been indulging the vanities of the east coast, and is now in Jacksonville. His host of old friends in Crescent City do not propose to put up with this indifference to his first love (Crescent City) without protest. It is just possible that he may see the error of his ways and come up here this week.

The Misses Hays, Magnuson and Randolph of New York, who have been guests at Grove Hall for a little over a week past left on Monday for a trip down the east coast and to Nassau, New Providence, Bahamas. They will sojourn for a time at the Hotel Royal Poinciana, Palm Beach, and also at the Royal Palm, Miami. The ladies appeared to be well pleased with Crescent City.

Master Oliver Chamberlin celebrated his 14th anniversary by giving a most enjoyable evening party to his young friends. They were all there for Oliver is popular and getting more so as the years creep on him. Games occupied the attention of guests pleasantly; ice cream and cake were served; and the heir apparent to the house of Chamberlin starts on the next mile journey to the hill top laden with good wishes.

Mrs. Cooper of Philadelphia and her daughter, Mrs. Oscar Keen, of Newark, N. J., terminated a three-month's sojourn at Grove Hall last week Tuesday, on which day they departed for their respective homes. The departure of few, if any, guests, ever caused such general regret as did that of these popular ladies, and the hope finds general expression that our little winter colony may again be privileged to greet them among its numbers.

Messrs. C. H. Marsh and Benj. G. Doughty returned to Grove Hall Saturday from a week's trip down the east coast as far as Miami—a trip that afforded them a wonderful amount of pleasure. Mr. Marsh is really enthusiastic, and states that the sight presented at this time, with the hotels crowded with tourists representing the world of fashion, is one never to be forgotten, "and yet," said he, "with all their grand hotels, when it comes to real home comfort, give me that of our own Grove Hall."

Mr. and Mrs. C. A. Pratt gave a picnic party to Haw Creek on Wednesday of last week on board Mr. K. M. White's beautiful little electric launch "Diavolo." Of course it was a pleasant party for Mr. and Mrs. Pratt don't know how to manage any other sort. The day was delightful, and the run was made some 12 miles up the creek. Among those present, besides Mr. and Mrs. Pratt were Mesdames Sanderson Bissett, Zoll and W. D. Benham, and Miss Spencer and Messrs. K. M. White, Luther Curtis and Mr. Bissett.

Mr. and Mrs. S. W. Goodale of Detroit, Mich., are expected to arrive in Crescent City today for a two or three weeks visit, and their coming is going to give pleasure to all older residents of the place. Mr. Goodale was formerly deeply interested in this town, but that was when he had many acres of fine bearing orange trees and uncertain health. The providence that stripped him of his orange tree property in Crescent City also used the climate of the same town to restore to him his health and ability to gather shekels in the north, and he is so busy at this work now that he gives little thought to the place that helped him to his feet. They moved away from here in 1883, and Mrs. Goodale has not been here since that year. Mr. Goodale spent two weeks here in March, 1888. They still own property here, and it may be that some time they will conclude to again come and camp with us. Mr. Goodale was mayor of the town in 1891-2.

The public school closed last Friday morning with appropriate exercises. Miss Georgia Johnson, the principal, and Miss Alice Whitman, assistant, left for their homes on the Crescent Monday morning carrying the good wishes of our people, all of whom hold them in the highest esteem.

Mr. Collins B. Hubbard of New York arrived on Friday last week and is with his family at "Lisnaro" for a few weeks rest. Mr. Hubbard has just returned from an inspection of the property of the Cuba Fruit company at Sagua de Tanino, Cuba, of which company he is the president. The company has 1700 acres of bananas under cultivation and will be a heavy shipper of this fruit the coming season.

Among the pleasant guests of the past week at Crescent Inn was Mrs. J. C. Scott, proprietress of the celebrated Longfellow Cottage at Chautauque, N. Y., the summer home of hundreds of people from all over the country who gather at that popular assembly. Mrs. Scott also had a cottage for guests at the DeFuniak Springs (Fla.) Chautauque, but this house burned some two years ago. Mrs. Scott was highly pleased with the natural beauties of Crescent City, and expressed surprise that so little is known of such a charming place.

Mr. and Mrs. E. H. Williams of New York gave a delightful picnic to Haw Creek on the launch Spray last Friday. The day was beautiful and the trip up the little tortuous stream with its overhanging branches rich in the verdure of early spring reflected in the mirror-like waters, made the ride a delightful experience to all, very many of whom were making the trip for the first time. Basket lunch was served at the proper time and it also was enjoyed by all the party. Among the guests present were Mrs. Addison Johnson, the Misses M. Hays, L. Magnuson, May Desmond, Mable Leffer, Agnes Ryan, Elizabeth Ryan, Eva Lyon, Alice Hutchinson and J. F. Randolph, and Messrs. Frank H. Andrus, E. R. Youngs, David Carl and Kingsbury Norton. The party returned about dark and all voted it one pleasant day.

Mrs. Joseph Bunker of New York, who is spending the winter here as the guest of Mr. and Mrs. J. L. Maull, has consented to give an oratorical recital for the benefit of the Village Improvement Association at the Hall, on Friday evening, and to all who have had the pleasure of hearing this gifted lady it would seem that the mere announcement should be sufficient to fill the hall.

Mrs. Bunker is a graduate of the Emerson College of Oratory, Boston. Later she was a teacher of elocution in the Linden Institute at Linden, Vermont. She has been heard in many recitals in Massachusetts and other eastern states and in all her work she shows consummate skill as an actress in the delineation of grotesque character. For the recital on Friday night Mrs. Bunker has arranged a program of eight numbers, among which are "The Day of Judgment," by Phillips; "Lascia," by Desprez; "When the Frost is on the Pumpkin," by J. Whitcomb Riley; "Brushwood," by Read; and "How Deacon Tubman and Parson Whitney Kept New Years," by Murray. Between the rendition of these numbers the audience will be treated to instrumental selections by Miss Malcolm and the Misses Hutchinson, and vocal solos by Mrs. R. C. Williams and Messrs. Preston and La Bree. The entire receipts of the evening will be donated to the V. I. A., and as there is promised an entertainment of more than ordinary merit the prospects are that the hall will be filled.

Collapse of the Telephone. Telephone takers in this place were notified last week that the service which connected them with the Palatka system would be discontinued after Saturday, and accordingly, on that day, the service ceased. Those who had paid for the service were given the cord comfort that the unearned portion of the year for which they had paid would be returned, and the statement made that an effort would be made to find a purchaser for the line who would continue the service. The Fruitland peninsula service connecting Crescent City, Huntingdon, Como, Pomona, Sisco, Satsuma and Welaka with Palatka, was put in last year by Mr. S. A. Baker of Sisco, to whom a franchise was duly granted to operate in those of the above towns which are incorporated. No reason has been assigned by Mr. Baker for throwing up his franchise, though it has been stated to the News that he has said the line paid 25 per cent on the investment. An effort was made by the News to discover his reason for abandonment. At the Palatka office the News was referred to Mr. Baker, but that gentleman could not be reached. From unofficial sources, however, it was learned that the Palatka department decided to shut off the Peninsula and for the reason that they had not been getting anything out of it; that they were willing to continue the service at any time when the payments were made as per the original agreement. The shutting off of the service from the peninsula towns above mentioned will work great hardship to many, and it is to be hoped that some way may be found whereby the service can be resumed.

Hope for New School.

Now that the ladies of the V. I. A. have taken up the subject of a new school house and grounds, more centrally located, there is good reason to hope that the day is not far distant when this much needed work will stand forth as an accomplished fact.

It looks like a big job, and it is as big as it looks, but this association of ladies is accustomed to undertaking big things, and once it puts the association shoulder to the wheel the work is going to move. Hurray for the ladies of the V. I. A.! When they unite on a place let every one give them the helping hand.

There is going to be a difference of opinion as to location and plans of work, but this difference is the same as would be presented to any body of men, elective or volunteer, organized for the special purpose. Let these ladies unite on a location and method of procedure, and whatever they in a majority capacity may decide, the News trusts the minority will good naturedly accept. Then let the people of the place give them a united, whole hearted support.

Crescent City needs a new school building. That much is conceded by everybody. It should have a more central location than the present site. That much is also generally acknowledged.

In the absence of any state, county or town aid, there is no organization so well equipped to take the initiative in this matter as the V. I. A. and that this association has it in mind to tackle the work is sufficient ground for hope that Crescent City will soon have a school house to take the place of the dilapidated old barn that has brought the blush of shame to the cheek of every citizen of the place who has been compelled to acknowledge to strangers that "this is our public school."

The ladies met on Monday afternoon last to discuss the matter, but owing to the failure of the telephone the News has been unable to learn what was done.

SO SWEET AND PLEASING IN TASTE. Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaks of Ballard's Horshound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or cold; and it is so sweet and pleasing in taste." 25c, 50c and \$1 per bottle at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

Luck Better Than Brains. Ex-Governor Upham of Wisconsin told a good story on himself the other day.

"I was once interested in two lumber deals," he said. "I had offered a valuable piece of property at \$60,000, and at the same time I was trying to buy a tract of pine trees. While the deals were pending I ran across a gypsy fortune teller in the woods, and asked her to tell my fortune."

"You will be very lucky in your deals," she said. "That's good," I remarked. "Yes," continued the fortune teller, "your luck will beat your brains."

Governor Upham says that the woman spoke the truth. A few days later the syndicate which held the option of \$60,000 upon the property he had offered at that price decided not to accept it, and it was not long before he was able to sell the land for almost double the amount—Washington Post.

CHILDREN'S COUGHS AND COLDS. Mrs. Joe McGrath, 327 1st St., Hutchinson, Kan., writes: "I have given Ballard's Horshound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c and \$1.00 at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

"Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for six months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, as the deafness would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 720 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.
